Foreign Investors Association is ready to support the consistent implementation of reforms to improve the investment climate in the Republic of Moldova

The preliminary results of the elections to the Parliament of the Republic of Moldova, held on 11 July 2021, showed that the majority of the citizens of the RM who participated, cast their votes to the Political Party "Action and Solidarity /pas/", which allows this political force to create a majority in the Parliament of the RM. Foreign Investors Association (FIA) expresses confidence that after the Parliamentary elections the Republic of Moldova will be able to move to a new, progressive stage of development. Foreign investors support the declared principles and intentions of the new governance to direct the efforts of the new Government to establish order in the state and to ensure professional and responsible work of all state structures.

At the same time, Foreign Investors Association calls on the political forces that have received a mandate to govern the country to a radical reform of the Moldovan justice system. We believe that solving this problem is the key to positive changes in the country, consolidation of society and the eradication of corruption.

FIA has been consistently promoting the need for a full "reset" of the justice system to ensure the fundamental right of the citizens of the Republic of Moldova to an objective investigation and fair justice. FIA experts came up with a number of proposals and measures in this area, which were included in the 2019 White Book, including the creation, with the support of development partners, of a Special Temporary Monitoring Mission in the field of justice.

Foreign Investors Association declares its support for progressive reforms in the Republic of Moldova, mainly for the reform of the justice system, and readiness to assist the authorities on this path, using the expertise and experience of the FIA members. The Association is currently finalizing its proposals in key areas, which will be presented to the new Government and other stakeholders in the next edition of the White Book in early autumn of 2021.

Yours faithfully,

Council of the Foreign Investors Association
